Whereas the Highways of this parish are much out of repair, and whereas the greatest part of the statute labour of the parish has been performed, and also the greatest part of the composition money has in like manner been expended, and the remaining parts of the said statute labour and composition money are by no means sufficient to put the said highway in repair therefore it is agreed that an order for collecting a rate for the repair of the highways of this parish not exceeding sixpence in the pound to be applied for at the next Quarter Sessions.
